Hamilton County Auditor

### RHODES ANNOUNCES TAX LEVY SERVICE FOR VOTERS

Again this primary election Hamilton County property owners will be able to see what they will pay in taxes if proposed levies on the ballot in their taxing districts are passed.

County Auditor Dusty Rhodes has added specific information on new levies on his website [www.hamiltoncountyauditor.org](http://www.hamiltoncountyauditor.org). By accessing their property records, homeowners can go to the Levy tab on their property's record main page to see the effect of new levies based on their property's current value.

"This is vital information which allows voters to see what they will pay if new tax levies are approved," said Rhodes. "It is all a part of holding government accountable to the people who pay for it," he added.

The next page is a table listing the levies which will appear on the May 2 ballots throughout Hamilton County.

The first two columns identify the taxing authority and the purpose of the levy. Also listed is the requested millage, the type of levy, its duration, the current tax on a \$100,000 market value property, and the estimated annual amount the tax would raise if approved by the voters.

The estimated annual cost to taxpayer column refers to an owner-occupied residence and assumes both the 10 percent and 2.5 percent state reductions and the county's stadium sales tax reduction.
